The above tables give the result of the election yesterday, the battle being a decisive victory for the republicans. Outside of the Fourth and Fifth wards, but one democrat was elected—Alderman Elect J. F. Hutchinson, of the Second ward. The republicans had been confident of success for some days as it was known that the hard work done had borne fruit, but when the figures were secured a justification was held. Mayor Elect Richardson was summoned from his home, the Y. M. C. A. band was hired, and the crowd fell into line and marched about town blowing horns, cheering and burning red fire. Following is the result of the ballot in detail:

CITY TICKET. First Ward. Mayor: John Thoroughgood. City Clerk: V. P. Richardson. School Commissioner: Frank R. George. Justice: C. K. Milham. Sealer: Nicholas Frederick. Second Ward. GEN. GOMEZ WILL SHORTLY RETIRE WILL START FOR HIS HOME IN SAN DOMINGO.

The News Caused Consternation Among His Staff and They Have Begged Him to Remain—Gen. Brooke Asked to Furnish Employment to His Officers When He Leaves. Havana, April 5—[Special]—It has just been made known that Gen. Gomez will shortly start for his home in San Domingo. His intention to retire to his farm has caused great consternation among his staff, the members of which have begged him to remain. Gomez has asked Gen. Brooke to furnish employment to his officers when he leaves.

Hailed With Satisfaction. Havana, April 5—[Special]—The dispersion of the Cuban assembly by its own act, is hailed with satisfaction by all classes. The three million dollars given by the United States, to pay off the Cuban army, will shortly be distributed. Havana, April 5—[Special]—Six companies of the Forty-ninth Iowa sailed for Savannah today. The Fourth Illinois left for the United States last night.

DIED NEAR DAWSON Henry Hively, of Beloit, Unable to Stand the Klondike Winter—Runaway Accident.

Beloit, April 5—[Special]—Unable to stand the rigors of a Klondike winter Henry Hively, brother of Mrs. T. Edgar Gaston, of this city, died on February 12, at Independence Creek, twenty-seven miles from Dawson City. Mrs. Gaston received the sad news yesterday in a letter forwarded to her by her mother from Decorah, Iowa. Mrs. John A. Yost, living four miles north of the city, was the victim of a runaway accident this forenoon, which may probably terminate fatally. She was driving to Beloit, and when about a mile from home, the horse became frightened and shied to the roadside, tipping Mrs. Yost out of the buggy. She was picked up in an unconscious condition. It was found that both of her limbs were fractured. The nine months old son, Raymond, of Mr. and Mrs. Lawrence Woll, died this morning after a short illness. Herbert O. Smith and Miss Maggie B. Allen were married yesterday afternoon by Rev. Q. D. Peake, at his parsonage, 151 Broad Street. Mr. Smith is agent at the Great Northern Railroad and stationed at Stony Brook, Minnesota. Miss Allen is a resident of Shopshire, and well and favorably known. They left immediately for Cedar Falls, Iowa, where they will visit Mrs. Smith's parents for a week. The good wishes of many will follow them.

WRECK OF THE STELLA Expected to Prove at Inquest That Disaster Was Due to Reckless Navigation.

London, April 5—[Special]—At the inquest to be held shortly on the victims of the Stella disaster it is expected to prove that the wreck was due to reckless navigation. One of the survivors will testify that Captain Reeks, who perished, was trying to reach port two hours ahead of time.

NO WORD RECEIVED FROM GENERAL OTIS REGARDING SITUATION IN THE PHILIPPINES.

While Officials At Washington Are Not Downcast, There Is a Sort of a Yearning For More News—Would Not Be Surprised Should More Fighting Occur. Washington, April 5—[Special]—Up to noon today no advices have been received from Gen. Otis, regarding the Philippine situation. While the officials here are not downcast, a sort of yearning for more news from Otis, exists. The war department officials would not be surprised should more fighting occur.

Report Without Foundation. Washington, April 5—[Special]—It was officially announced this morning that reports with reference to the imprisonment of six Americans by Aguinaldo, was without foundation. Manila, April 5—Gen. MacArthur's scouts report that there is a large concentration of the enemy north and northwest of Malolos. They have erected formidable defensive works. Our troops will attempt to dislodge them, and are preparing for the movement.

INSURGENTS DISCOURAGED. Dr. Schurman Thinks the Natives Will Soon Declare for Peace. Washington, April 5—[Special]—The state department has furnished the following statement of the contents of a cable dispatch received from the American commissioners in the Philippines: "Dr. Schurman says that, after a month's personal observation and interviews with different classes of people, he finds that the insurrection had its origin and strength in the Tagal provinces around Manila. The remaining provinces of North and South Luzon are peopled by different races and the rest of the archipelago are not natural allies of the Tagalos, but unfriendly rivals.

"During the months while the treaty of peace was being negotiated at Paris the Tagalos sent detachments of from 50 to 200 men to all the other provinces to seize governments as robbers hold up trains. The liberty of the population was constrained and supremacy was enforced as there were no American forces to expel the Tagalos. "He says the recent victories have had a good effect everywhere. With the growth of a general feeling of security, the populations will doubtless declare for the United States. The Philippine people seem discouraged by the valorous, swift, and irresistible movements of the American troops, against which their elaborate defensive works were useless."

Rebels' Funds Found in Safe. Manila, April 5—Gen. MacArthur's division still remains at Malolos. The Montana regiment, with two guns and a detachment of cavalry, all under command of Lieut.-Col. Wallace, made a reconnaissance in force Tuesday in the direction of Calumpit. The country was thoroughly scoured, with the result that a body of the enemy numbering more than 1,000 was found a few miles from Calumpit. Our troops attacked the Filipinos, who made a brief defense and then scattered. It was useless to pursue them, so the Americans returned to Malolos. In the skirmish we lost one man killed and four wounded. In searching through the building in Malolos which was formerly occupied by the treasury department of the insurgents, but which is now the American headquarters, three safes were found. In one of them was \$23,000, which had been abandoned by the rebel government in its precipitate flight from the town on the approach of the American army. The contents of the other two safes are not known, as they have not been opened.

MAINE'S DEAD UNCARED FOR. Lack of Funds the Cause—Now \$1,000 Has Been Allotted.

Washington, April 5—Reports received by the navy department from Havana show that the graves of the seamen who lost their lives in the destruction of the Maine are in a bad condition. The lack of care of the plot in the Havana cemetery in which the Maine victims are interred has been due solely to the fact that the United States authorities in Cuba had no money with which to make necessary repairs. Acting Secretary of the Navy Allen has accordingly secured an allotment of \$1,000 from the war department to put a stone coping and a bronze railing around the plot, and when this has been accomplished curious persons will be prevented from trampling on the graves and shrubbery.

WHISKY BILL THE TROUBLE Suit for Collection Decided in Court This Morning.

In the municipal court this morning the case of E. Rindskopf, against A. Wikoud and D. Davidson came up. The plaintiff is a Milwaukee wholesale liquor firm and the defendants were the former proprietors of the Klondike saloon on South River street. The plain-

tiff alleges that the defendants owe a balance of \$167.07 for liquor. After the court had heard the issues in the case, judgment in favor of the plaintiff was rendered for \$168.15 and costs or a total of \$182.58.

LIEUT. COL. MAUS EXAMINED TODAY TESTIFIES BEFORE BEEF BOARD OF INQUIRY.

Refrigerated Beef Made Men Sick At Jacksonville—Greater Part of a Whole Company Contracted Typhoid Fever—Miles Says 25,000 Men Would Testify to Poor Beef. Washington, April 5—[Special]—Lieut. Col. Maus, chief surgeon of the seventh army corps, was examined by the beef board of inquiry today. He testified that the refrigerator beef made the men sick at Jacksonville. One day a whole company of the Second Illinois was brought down by rations furnished and the greater part of the same company contracted typhoid fever. Lieut. Col. Daniel Currie gave similar testimony. Miles, in a letter to the court today, says a great many more witnesses should be summoned if the court is not thoroughly satisfied on the subject. He says at least 25,000 men would testify to the poor quality of the beef.

ANTI-IMPERIALIST MASS MEETING HELD LARGE GATHERING AT BOSTON LAST EVENING.

President McKinley and His Philippino Policy Hissed By the Crowd—Aguinaldo's Name and His Manifestos Enthusiastically Applauded—Actions Incense Better Element. Boston, April 5—[Special]—A big anti-imperialist mass meeting was held here last night that has created much unfavorable comment on the part of the better class of citizens, even among many who are not in hearty accord with President McKinley and his Philippino policy. Many in attendance at the meeting hissed the president and his Philippino policy and enthusiastically applauded the name of Aguinaldo and his manifestos. The un-American proceedings have incensed all patriotic classes, regardless of political faith and affiliation.

THE PRESIDENT'S TRIP Will Leave Washington in July, Taking a Trip West to Enjoy His Summer Tour.

Washington, April 5—[Special]—President McKinley's plans for his summer tour to the Pacific coast have been outlined. He will leave Washington in July and go to northern Michigan, to Yellowstone Park, mining districts of Montana, and thence to Tacoma and San Francisco, and return home by a southern route by the way of New Orleans.

POPE IS VERY FEEBLE Received Archbishop Ireland Most Amicably, and Conversing with Him Several Moments.

Rome, April 5—[Special]—The pope this morning received Archbishop Ireland most amiably, and conversed with him several moments. His holiness was cheerful but very feeble. In dismissing the archbishop, the pope explained that his physicians would not allow him to talk any longer.

Paris, April 5—[Special]—The Figaro in its issue today gives the conclusion of General Rigot's testimony before the court of cassation. Rigot declares that the "veiled lady" in the Dreyfus case was no other than Col. DuClam.

FORECAST OF WEATHER Chicago, April 5—[Special]—Forecast for Wisconsin: Rain tonight; Thursday warmer.

Maori Mat. A unique Maori mat, composed of the feathers of the "Kiwi" (the wingless bird of New Zealand), was sold in a London auction room the other day. In the mat were two panels of feathers of the white variety, which probably no living person has seen in England. It is said that it took the tribe—whose chief, doubtless, used it as a prayer mat—ten years to collect them. The mat fetched thirty guineas, and was bought, it is said, for the Natural History museum.

Law Case Over a Dog. A recent suit brought in Louisville to recover a Kentucky coon dog occupied the attention for an entire day of a judge, six attorneys, the plaintiff, and defendant, the jury (which included two Baptist ministers), and a room full of witnesses. During the hearing of the case the dog slept under a table in the custody of the sheriff.

National German Colors. The German imperial flag is square, with a maltese cross dividing it into four sections. The ground is a mottled yellow-red, displaying the crown and eagles. The arms of the cross are black, with white edges, and the center displays the imperial arms in gold. The flag of the German man-of-war has a white field with a black cross, showing the imperial arms on a medallion in the center and a square at the upper left-hand corner being composed of a black, white and red stripe with a Maltese cross. The German merchant flag is a tri-color, black, white and red, the stripes being of equal size.

Shipping Coal to South America. The arrival of two American schooners with coal at Buenos Ayres is described by Consul Mayer, at that port, as a new era for American shipping, and he adds that it will not be long until Argentina will receive her entire coal supply from the United States.

South Australia Wheat Harvest. The wheat harvest in South Australia has proved to be much better than was anticipated, the estimated surplus for export being 200,000 tons.

Elkhorn—Dr. Young, dem., elected mayor by 7 votes. The republicans elected five aldermen and the democrats one. Republicans two supervisors and democrats one. The republicans also elected treasurer, assessor and four justices of the peace.

Delavan—The republicans today elected their ticket. Capt. A. E. Smith, mayor, six aldermen, treasurer, comptroller, assessor, supervisor and two justices.

Monroe—James O. Fidler, rep., is elected treasurer. The republicans and democrats each got two aldermen and the republicans elect three out of four supervisors.

BULLETIN STIRS EVANSVILLE

Mysterious Phœnix Appears on the Corner of a Hotel Before Election

Evansville had an exciting election on account of a mysterious bulletin. It was written in the night and posted on the hotel corner. When daylight brought it to view people stopped talking about everything else and gave the bulletin first place. Three, or four innocent looking allusions were given local applications in a way that made far fly.

"When the good people of a town vote for that is virtue."

"When the preachers enter politics and run a menagerie that is religion."

"When the best temperance people of a temperance town turn down the best city clerk the city ever had, and a good temperance man, that is temperance."

Evansville people thought they knew just who each one of these paragraphs meant and if the writer of the bulletin had been found he would have had a lively time.

Koshkonong, April 4.—A mistake in the items of March 30, said that Bert Robb's place had been rented, but it has not been rented. J. C. Lynd returned after a week's visit in Elgin and Chicago, where they went to purchase his spring goods. Mike Masterson returned to Chicago after a week's visit with his mother, brothers and sisters. He is assistant superintendent of the Chicago, Dock and Canals. Otter Creek school began April 3 for the spring season. Miss Mary Swengston of Milton Junction is teacher. Guy Ostrander is employed in the Koshkonong creamery and makes a good helper.

Butter and Cheese Association of Otter Creek, met April 3, at 7:30 p. m. Officers elected were: Charles A. Lyon, president; Wm. G. Perry, secretary; Charles A. Lyon, treasurer. A vote was taken to dispose of the factory. It was

Six Corners.
Harmony, April 4.—Mr. Will Stockman, who has been taking special treatment in Janesville for several weeks, returned home Saturday. His condition is not greatly improved. Mrs. Alfred Yates is enjoying a visit from her mother, who arrived from Concord Sunday. Mr. A. E. Wilcox and family visited at the home of Ed. Wilcox on Thursday. John Monogone delivered hogs in Milton, Monday. Owen Mullen is having a quantity of oat straw baled this week. George Mullen commenced the second year's work for Philip Doherty on Monday. School will reopen April 17 with the same teacher, Miss Davis, in charge. The patrons of Oak Lawn creamery are anxiously awaiting the arrival of that additional separator that has been promised them.

GRAND EASTERN STAR BALL

Fourth Annual Ball Given at the Armory Last Evening.

Janesville Chapter No. 69, Order Eastern Star gave their fourth annual ball at the armory last evening. There was a large gathering of the Bower City society people and the participants enjoyed the festivities of the evening immensely. The gowns were handsome and the gentlemen in full dress suits made a handsome picture to gaze upon.

The ball was prettily decorated for the occasion. Lace curtains at the windows, palms and evergreens were greatly in evidence and added much in beautifying the ballroom. Smith's orchestra occupied a platform in the southeast corner of the hall, the same being neatly decorated with potted plants, palms and flowers. In the center was a large star, the emblem of the order.

The men's retiring room was transformed into a card room, where those who did not wish to indulge in the festivities of the evening, could pleasantly pass the time in playing cards.

The success of the ball last night was due to a great extent to the untiring efforts of the arrangement committee, which consisted of Fred O. Howe, L. M. Thomas, Charles A. Sanborn, Millie Chittenden and Phoebe Fish.

The floor committee consisted of William H. Merritt, R. M. Bostwick, Jr., Albert E. Bingham, Thomas O. Howe, John Peters and Alfred R. Talmage.

The party broke up at 1 o'clock.

GOOD ATTRACTION COMING

"Who Is Who" at Myers Grand Thursday Evening, April 6th

When Herbert Hall Winslow wrote "Who Is Who" he designed a legitimate comedy along dramatic lines, and with a plot replete with the most farcical situation. When the management of the Kelly & Mason Co. organized this company for a tour in Winslow's work, they soon found that farcical comedy needed vaudeville relief, and they at once interpolated numerous specialty features, until they have for the present season one of the merriest, brightest and most tuneful farce comedy attractions before the public. The company numbers over 20 people and includes such well known ones as Chas. E. Pusey, Chas. A. Mason, Harry N. Welch, Bert St. John, Johnny Le Fèvre, Herbert Dillea, Arthur Roche, William Maples, Grace Cummings, Allie Willard, George Tomkins, Louise Gould, Sisters Whiting, Katherine and Metta Miller and Alice Figman. With this ensemble of talent they have set their laughing making entertainment in a special scenic frame, and dressed it in a lavish manner. This organization will be seen at Myers Grand opera house, Thursday evening, April 6 and a rare good laugh is assured.

WORKMEN VISIT WHITEWATER

Delegation Left the Bower City Today To Help Initiate.

A good sized delegation of local members of Olive Branch Lodge No. 36, Ancient Order United Workmen left Janesville today for Whitewater, to assist in the initiation of twenty-five new members in the Whitewater lodge.

Those who went from here are assured of a royal welcome and a general all around good time at the hands of their Whitewater brothers who have been making extra preparations for the event of tonight.

The Whitewater lodge is growing fast and is considered to be one of the best in the state.

MENDELSSOHN CLUB MEETS

A Reorganization Was Effected Last Evening

A reorganization of the Mendelssohn club was effected at a meeting of the club held last evening and the membership limited to thirty. The attendance formerly has been in the neighborhood of fifty. George K. Ooling resigned as president of the club and Mrs. Christine P. Hawley was elected president of the new organization.

BUTCHERS' BALL TOMORROW

The Only Original Tomorrow Evening—Make No Mistake

The only original "butchers' ball" occurs tomorrow night. Make no mistake. The butchers' ball has long been a notable event, and one that was greatly enjoyed. Plan to attend, and remember that "the only original" does not occur until tomorrow evening.

TOBACCO BUYING SEEMS TO BE OVER

THE '98 CROP IS CLEANED UP IN GROWING DISTRICTS.

Scattering Lots Remaining Are Largely Held By Farmers At Prices Higher Than Going Figures—Packers Enjoying a Liberal Business In Old Goods—Shipments From Edgerton.

The buying of the '98 tobacco crop seems to be about over for the present. The crop is cleaned up closer in the growing districts than for some seasons past and the scattering lots remaining are largely held by farmers at prices higher than the going figures. Most of the dealers who have been riding the growing sections for several months past are retiring from the field and the campaign may be said to be about over. There is work in the packing houses for several weeks yet, making one of the busiest years in the tobacco towns they have ever had.

At Edgerton more than 90 per cent of a crop that yielded nearly 115,000 cases has been handled and packed in the local warehouses. This has furnished three months or more work for 4,000 to 5,000 hands at a dull time of the year when little would be doing at any other business. Half of the help has been female and would otherwise not have been employed, though they average upwards of \$1 a day at tobacco assorting.

Packers in that city are rejoicing a liberal business in old goods, though the transactions have generally been in small lots to manufacturers. F. S. Bains bought 188 cases '97, put up by A. G. Estes at Madison. About seventy-five cases of '97 delivered at this market brought the growers 8½ cents. The shipments out of storage reach twenty-six carloads, 1,289 cases from that station to all points for the week, and the receipts from outlying points for handling in this market were fifty carloads. Last week 850 cases of cigar leaf were exported from New York.

LARGE SHIPMENTS OF CATTLE

Several Cars Left the City Last Evening For Chicago.

One hundred head of as fine a lot of cattle as were ever sent out of Janesville, left the city last evening for Chicago, shipped by George Charlton and Michael Dawson, of this city.

They were all sent to the stock yards and in weight they would average 1400 pounds.

The greater portion of this shipment were cattle raised on the McLav, Barless, Brown, Ranson and Hadden farms in the town of La Prairie.

Thomas Clark of the town of Johnson shipped a car of cattle and a car of sheep and hogs.

Don't suffer or sicken; "Orangeine" safely relieves, cheers and cures.

Let Us Overhaul

Your Bath Room.

A great many bath tubs in this city were put in years ago. Likewise water closets. They are foul, ill-smelling and unwholesome and a menace to health. Bath tubs were boxed in and pipes out of sight, often leaking gas and accumulating dirt. You should throw these out and put in a bright porcelain tub and a siphon water closet with exposed nickel water pipes. You will take more comfort than you can imagine. The price for this kind of work has gone down to reasonable figures now. If you think of doing anything to your bath room. We will be glad to give you an estimate of the cost and other information and help which our experience would suggest.

INTENSE SUFFERING**FROM DYSPEPSIA AND STOMACH TROUBLE.**

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered to my knowledge, for years with dyspepsia. Everything he ate seemed to sour, and create gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh, the heart became affected, causing palpitation and sleeplessness at night."

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was to all appearances, fully cured. There was no more acidity or sour water rising, no bloating after meals, the appetite was vigorous and he had gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe.

Stuart's Dyspepsia Tablets are made by the F. A. Stuart Co., of Marshall, Mich., and are sold by druggists everywhere at fifty cents per package.

MINERS STAND BY DRIVERS.

General Strike Is On in the Danville, Ill., Coal District.

Danville, Ill., April 5.—The miners of the Danville district struck Tuesday pending an adjustment of the differences between the drivers and the operators. They are now waiting for the state officials to arrive and take some steps in the matter.

The drivers of the district have never been satisfied and it has been a contention of considerable difficulty with both the officials of the United Mine Workers of the state and the operators. It is claimed that the drivers of this district are receiving 15 cents a day more than the drivers are getting elsewhere in the state and that they should be satisfied with that. When a strike was precipitated last year by the drivers the miners refused to support them and declared that the operators could supply their places with other men if they chose. This time all the men are out—drivers and miners both—pending a settlement.

"Orangeine" has sprung into popularity through the grateful testimony of sufferers quickly relieved and cured.

HANGS BY SLENDER THREAD.

Pope's Life in Danger Unless He Speedily Gathers Strength.

London, April 5.—The Rome correspondent of the Daily Chronicle says: "The pope is able to be up and about, but he cannot do his customary work, and the vatican routine has to be executed without personal reference to him."

"The danger from his fainting fits has been exaggerated, and the real cause of anxiety is his inability to take sufficient nourishment. His holiness may keep going so long as there is no extra pressure upon him, but his life will hang by a slender thread unless he gathers strength with the returning spring."

Nerves, stomach and liver are all aided by "Orangeine," hence its quick and safe action on colds and headaches.

Eleven Drown at Eureka, Cal.

Eureka, Cal., April 5.—Tuesday the steamer Chilkat, bound from Eureka to San Francisco, capsized on the bar. The sea on the bar was rough, but the steamer was almost over when a breaker struck her beam end and she immediately capsized. The steamer North Fork, which was just ahead, rescued six men and a life-saving crew rescued three. Eleven were drowned.

The many Chicago physicians who now owe "Orangeine" pronounce it a wonderful safe and useful combination.

ARMY CANTEN DECISION.

Attorney General Says Act Does Not Prohibit Sale of Liquor.

Washington, April 5.—The secretary of war recently requested the opinion of the attorney general as to whether section 17 of the act passed at the last session of congress "increasing the efficiency of the army" prohibits the continuance of the sale of intoxicating drinks by the government in the canteen sections of the post exchanges which are organized and maintained at the various army posts and encampments throughout the United States.

The attorney general in his reply holds that the section in question does not prohibit the continuance of the sale of intoxicating drinks through the canteen sections, as heretofore organized and carried on, except that no officer or enlisted man can be detailed for duty in the canteen section to do the selling.

Flight Fire for Four Hours.

Detroit, Mich., April 5.—A fire which broke out Tuesday night in the Pridgen building, adjoining Wonderland theater and museum, threatened to wipe out the entire block at the corner of the two main thoroughfares of the city. It was finally subdued, after four hours' combat, by the fire department. The Pridgen estate loses on the building \$3,000, fully insured; Pollock, Pettibone & Chapman, stock and fixtures, \$35,000, half insured; Tuttle leather dealer, \$8,000, insured one-half. A number of small manufacturing concerns lose heavily, with little insurance.

California Limited Wrecked.

Pomona, Cal., April 5.—The California limited, which left Chicago Saturday evening, was derailed near North Pomona Tuesday afternoon while making sixty miles an hour. The tender separated from the engine and jumped the track, the other cars following, but these lodged in a sandy road bed and no one was seriously injured. Conductor Hixon was in the front car and was thrown down and bruised. Two porters and a news agent sustained fractured ribs.

Look for a Triple Alliance.

Paris, April 5.—It is being asked in some circles here if the German press has not been pushing the Samoan question to the danger point in order to force the other treaty governments to divide up the islands—the solution preferred in Berlin. It is considered here that the better turn the affair has taken is largely due to the influence of those who still foster hopes of the realization of a grand Anglo-Germano-American alliance.

April Expenses Will Be High.

Washington, April 5.—The government will have some very heavy expenditures during the current month, and it is probable that instead of a surplus over expenditures, as was the case last month, there will be a considerable deficit. Pension payments amounting to about \$11,000,000 must be paid this month, and possibly the indemnity of \$20,000,000 will be paid to Spain before the first of May.

Strike Imminent in Stockholm.

Stockholm, April 5.—The trade union congress which has been in session in Stockholm for three days adjourned Tuesday. The 140 delegates present, representing 20,000 workmen in various trades, decided that if the employers refused to better the condition of the men, both as to wages and hours, a general strike would be ordered.

Strike On at the Arsenal.

Rock Island, Ill., April 5.—There is a strike on at the Rock Island arsenal, 300 machinists going out Tuesday because the commandant, Maj. S. E. Blunt, declined to accede to certain demands made by the men as to the regulation of shops and wage scale without advice from the ordnance department.

Ambassador Choate Better.

London, April 5.—Mr. Joseph H. Choate, the United States ambassador, went to Bournemouth Tuesday with his family. Mr. Choate has almost recovered from his recent illness. It is believed that a short sojourn at the seaside will fully restore him to health.

Find Pay Gold in Illinois.

Shelbyville, Ill., April 5.—Shelby county has a gold mine. Samples submitted to expert miners and later tested by an assayer in Chicago prove that pay dirt has been found. Arrangements are now under way to develop the mine. The Shelbyville Mining company has been formed.

Queen Expresses Sympathy.

London, April 5.—The queen has sent a message of sorrow and sympathy to the relatives of the passengers and crew who lost their lives by the sinking of the channel steamboat Stella.

Mrs. George Placed on Trial.

Canton, O., April 5.—The trial of Mrs. Annie George, indicted for the murder of George D. Saxton, brother of Mrs. McKinley, on the evening of Oct. 7, 1898, began Tuesday morning.

No More Bond Issues.

New York, April 5.—In an interview yesterday, Lyman J. Gage, secretary of the treasury, made an official announcement that the administration contemplates no bond issue.

Colds Cured.

A Prominent Texan who Had Headache for Years, Was Cured, and Found a Panacea for Colds as Well by the Use of Dr. Miles' Nervine.

Health is not a question of muscle, the nervous system to a remarkable degree, and fortifies the body against the encroachments of disease with an abundant supply of nervous energy and rugged endurance.

Mr. J. H. Siddall, Calvert, Texas, writes: "For many years I suffered with nervous headaches and took many kinds of medicines in a vain search for relief. In 1894 I was induced to try Dr. Miles' Restorative Nervine, which I did with good results. I found relief at once and after using it a few weeks my headaches ceased. Before taking the medicine I was subject to severe colds during the winter, which were very troublesome. Since taking Nervine in 1894 I have not had a cold."

Mrs. A. L. Hereford, Springfield, Ill., says: "Three years ago I was much troubled with nervous dyspepsia, which caused me to become run down in health and spirits. I was very nervous and restless, and found it difficult at times to concentrate my thoughts. I did not get my natural sleep at night and frequently would leave the dining table without tasting a mouthful of food. Dr. Miles' Restorative Nervine was recom-

mended to me and I was very much pleased with my first trial. It improved and invigorated me, and I soon gained 20 pounds from its use."

From Cripple Creek, Col., comes the following: "I am a blacksmith, and about two years ago I felt a sudden pain in my left arm. I paid little attention to it at first but as it became worse my left side and breast were affected and I came down with nervous prostration. I was so bad that I just trembled while lying in bed. After suffering in this way for several weeks I began taking Dr. Miles' Restorative Nervine. I used six bottles altogether and before they were gone I returned to my work, and since then I have felt all right."

A. KANOUSE, P. O. Box 1273, Cripple Creek, Col.

A trial package of Dr. Miles' favorite treatment consisting of Dr. Miles' Restorative Nervine, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person who will send name and address on a postal card, requesting the samples, and mentioning the name of this paper to

Why Called "Potter's Field."

Potter's field was a piece of ground which, according to the statement in Matthew xxvii, 7, was purchased by the priests with the thirty pieces of silver rejected by Judas and converted into a burial place for Jews not belonging to the city. The passage reads: "And they took counsel and bought with them the potter's field to bury strangers in." The terms used at the present day to denote the ground where unidentified persons and the bodies of unclaimed persons are buried undoubtedly had its origin in the transaction alluded to by Matthew.

THIS DAY IN HISTORY.

33—This is the date agreed upon by most church historians as that on which Jesus Christ rose from the dead.
1685—Catherine I of Russia was born; died 1727; empress 1725.
1794—Danton, Camille Desmoulins and other Jacobins guillotined. Danton was condemned by the terrible tribunal he himself had instituted to crush his enemies. He was sent to the guillotine with the words: "All will go well with me so long as men say 'Robespierre and Danton,' but woe to me if ever they shall say 'Danton and Robespierre!'" He refused to save himself by flight. When the Jacobin judge asked him to give his name, residence, etc., he said: "My name is Danton, my residence will soon be in amputation, but my memory will live in the pantheon of history."

1887—Henri Dupin, called the "Father of French Dramatists," and author of 200 plays, died; born 1811.

1885—Thompson McDunnis, a veteran of the Black Hawk war, also a pioneer settler of Kansas, died; born 1805.

The country is safe.

Surprising, wasn't it?

Well! Well!!! Well!!!!

Guess most of them "voted" for "straight."

Of course, being a political expert, you knew it would come out this way!

Well, Mayor Thoroughgood, you had the backing of 1447 good citizens, anyway.

And when the mocking bird opened its throat, the pudamucks cringed in sore fright.

C. M. Warren and W. H. H. Macleod made splendid runs, but the odds were too great to be overcome.

The Recorder says "the smoke, has cleared away." Well The Recorder ought to know—it was certainly "smoked out."

Alderman J. B. McLean lost ten votes as compared with the election two years ago. At this rate it will take fourteen years to beat him.

WHIMS OF NOTED AUTHORS.

Dumas the Friend of Domestic Animals—Cats and Dogs as Pets.

Then there was Michele and his white Angora cat. This beautiful creature twisted around his neck like a boa and kept it warm in winter. When in cold weather, he walked out he kept his hands in the wide sleeves of his overcoat as in a muff. The cat was rolled up in them. George Sand loved birds, but she did not seem to care for domestic animals. Old Dumas was the friend of all animals that would respond to his friendship, and especially of dogs. He had some sea-gulls that really stood high in the intellectual scale. Renan did not care for dogs, unless for a darling poodle of his wife, but he was devoted to cats, which he thought the best models of deportment. Dumas fils disliked the dog, but was full of admiration for the cat. Pierre Loti confesses friendship for his cats. They understand him and he them. They are not intrusive or awkward or brusque in their ways and are most at home in a snugly luxurious salon. M. Mezieres inherits nothing less than a passion for cats from both father and mother and his four grandparents. His mother used to converse with her cats and they understood her. Marshal Canrobert was extremely sensitive to the graceful ways of his cats, and thought the kitten the most charming creature alive. M. Coppee prefers cats to dogs. They are more discreet, and he finds they are just as friendly if well treated. But the cat will not caress the person who uses it rudely and stands aloof. Is it not right? M. Coppee's actual pet is a young Angora, that sits motionless on his desk as he writes. Were he to go on writing for hours, there it would stay. It walks along his scattered sheets of manuscript, never disturbing them, and does not set its paws down on writing that is not dry.—London Correspondent Sun.

Moving Southward.

Another significant indication of the movement of the cotton manufacturing industry southward is the announcement that the Merrimac Manufacturing company, of Lowell, Mass., has signed a contract for the erection at Huntsville, Ala., of a cotton mill with 200,000 spindles, and which will give employment to about five thousand hands. The mill will be an improved duplicate of the one now operated at Lowell. Heretofore it has been claimed in New England that the products of the southern cotton mills would be confined to the coarser quality of goods, but it is announced that the new mill at Huntsville will manufacture print cloths, ginghams, saffrons, velveteens and fine dress goods. It is worth noting that while but few, if any new cotton mills are projected in New England, new cotton mills are rapidly multiplying in the south, particularly in North and South Carolina, Georgia and Alabama. The indications are that in a few years the south will take the lead in the manufacture of cotton goods.

PEN COMPANY WILL MAKE PAPER BOXES

BOWER CITY SECURE ANOTHER INDUSTRY.

W. E. Clinton Will Superintend a Complete Paper Box Factory For the Parker Pen Company—Will Employ Several Hands—Expect to Start in About May First.

The Parker Pen company are to manufacture paper boxes, typewriter ribbons, ink, paste and office supplies in their new establishment. The third floor of their newly remodeled building on South Main street is being fitted with this in view.

W. E. Clinton, who has had long experience in the paper box business, will leave tomorrow for Chicago to buy several hundred dollars worth of the latest machinery. He will superintend the new box factory until it is well under way.

The Parker Pen company use many thousands of boxes in a year and have been buying them in Milwaukee. They believe they will reduce expenses greatly by making these boxes themselves.

The work of remodeling the company's South Main street building is progressing fast. Masons and carpenters have the work nearly finished on the second and third floors. The fourth floor will be used for storage purposes. The second floor will be devoted to offices and shipping rooms. The third floor will be used for manufacturing. The work of putting in the machinery will soon begin.

The decision of the Parker Pen company to manufacture their own paper boxes as well as pens, inks and type writer supplies will give employment to a large force the year around.

It is expected that the new factory will be ready for occupancy about the first of next month.

There are things that make me wonder. Things I cannot understand. Why, for instance, does the thunder Cause a fellow's hair to stand?

Why do people never value Things for which they needn't pay? Why are all life's richest blessings Always somewhere far away?

Why are gems forever hidden Where men have to dig them out. While the pebbles that are worthless Everywhere are strewn about?

Why are all the allays crooked. And why are they never straight? Why are all the best so heavy— Will you kindly tell me that?

Very Absent-Minded.

A well-known professional man who is noted among his friends for his absent-mindedness, thought he had reached the height of absurdity when he was forced to ask his wife his first name a short time ago in order to answer properly a question asked by the assessor of his district. His memory, however, played him an even worse trick the other day, and the joke was so good that he told it on himself. He was writing a letter in the postoffice corridor one evening, when a seedy-looking person came up with a hard-luck story. The writer paused long enough to tell the beggar that he had nothing for him, and requested him to go away. The fellow persisted, and again poured forth his woe-filled story. A watchman finally chased the beggar away, and the absent-minded writer started to read what he had written. Great was his surprise when he found he had transcribed word for word part of the hard-luck tale.

They Kept Late Hours.

A German doctor, who has been collecting information about the habits of long-lived persons, finds that the majority of those who attained old age indulged in late hours. Eight out of ten persons over 80 never went to bed till well into the small hours, and did not get up again till late in the day.

ODDS AND ENDS.

In the war of the Crimea, with 1,460,500 troops, there were killed in battle 53,870; died of wounds, 66,000; died of disease, 492,200. In the American war of 1861-65, in the northern army, there took the field 2,335,000 troops; there were killed in battle 44,240; there died of wounds 34,006; there died of disease 419,240. In the Spanish-American war, there took the field 274,717 troops; there were killed in battle 283; there were wounded 1,577; there died from disease 2,619.

There are, it is said, few more versatile men in England than the Hon. Alfred Lyttleton, the youngest son of the fourth Lord Lyttleton. At Cambridge he won the equivalent of five distinct "blues," and represented his "varsity" in cricket, football, racquets, tennis and athletic sports. He has represented England on both cricket and football fields, and has been champion tennis player for fifteen years. He is further a clever lawyer, a rising politician and a good speaker and musician.

When a Chinese girl is married her attendants are invariably the oldest and ugliest women anywhere to be found in the neighborhood, who are engaged expressly to act as a foil to her beauty. It is said that several exceptionally ugly old women make a handsome income per annum by acting in this capacity.

SHE SLEEPS FIFTEEN MONTHS

Missouri Woman Awakes Little the Worse for Her Experience.

From the New-York World: Mrs. Dolly Sercy of Albany, Mo., has just awakened from a sleep lasting fifteen months. A year ago last November Mrs. Sercy became ill and in a few days lapsed into unconsciousness, from which she was only a few days ago aroused. Medical men have puzzled over the case, but have been unable to reach an explanation of this mysterious malady. No medicines were administered during this time, as the woman appeared in a healthy condition. Nourishment was administered at regular intervals and the patient seemed to lose little in flesh. It was feared that if she ever awakened from the long sleep her mind would be a total wreck, but again the experts have been surprised at the developments of this case. One day Mrs. Sercy suddenly opened her eyes and in a weak voice asked for her children. She was greatly surprised at the change which she found in them after the long interval, but she had no difficulty in recognizing them and appeared perfectly rational on every subject. Mrs. Sercy was not greatly weakened by her illness, and in a few hours astonished her family and the physicians by getting out of bed.

HEAVY VOTE POLLED IN MANY TOWNS

CLINTON MIXED ON LICENSE QUESTION.

Milton Stands By the Gravel Tax the Vote Being Ten to One—Changes in the County Board—The La Prairie Report Shows No Debt.

The new county board will show several changes. Davidson, in Milton; Natesta in Clinton; Morton of Johnston; Cory of Center; Bruce of Fulton, and several others are replaced by new men. In some of the towns the full presidential vote was cast.

La Prairie Is Out of Debt

La Prairie supervisors were able to report to the voters that the town was out of debt for the first time in ten years. J. E. Gleason was re-elected chairman and Andrew Scott and W. T. Sherman side supervisors. The rest of the ticket follows:

Town clerk, S. H. Joiner; assessor, D. Q. Stark; town treasurer, R. L. Pollock; justice of the peace, Stanley H. Joiner; Henry Tarrant, Harry Finch; constable, J. H. Wright, J. W. Frost, Frank Scott, poundmaster, R. H. Howard.

Janesville Went 37, Republican

The republican ticket was elected in the town of Janesville by an average majority of 37. The ticket was headed by Geo. R. Barker, the democratic ticket being elected by W. P. Malone. Supervisors, George R. Barker, chairman; Frank P. W. Welch, E. W. Little, town clerk; E. E. Burdick, assessor, O. D. Bruce; treasurer, A. M. Church; justices of the peace, Ben Parish, three years; A. M. Huie, two years; Claude Dunham, one year; constables, J. L. Robinson, John F. Turnbull; ballot clerk W. E. Shoemaker.

Sharp Contest in Plymouth.

There was a lively contest in Plymouth between tickets headed by K. N. Grunhuvd and T. H. Inman. The Grunhuvd ticket won by a majority of 74 on a total vote of 204. The ticket elected was as follows: Supervisors, K. N. Grunhuvd, chairman, Samuel Honeysett, John O. Fossum; town clerk, M. Ehringer; assessor, H. Phillips; town treasurer, C. J. Hosgard; justice of the peace, G. C. Haight, E. F. Baldrige; constables, Fred Seeman, F. P. Wells, Fred Mathias.

Clinton Went for License.

License carried in Clinton by 49 majority, but the no-license ticket was elected as follows: Chairman, A. V. Peters; trustees, J. Q. Simons, Geo. A. Snyder, V. E. Winegar, W. S. Thom, B. D. Markle, M. M. Murray, supervisor, H. W. Conley; assessor, W. Sprague; clerk, W. Springer; marshal, A. Bogardus; justice, H. N. Conkrite; constable, F. C. Bradley; A. W. Shattuck headed the license ticket.

Miller Wins in Rock.

W. J. Miller, republican, was re-elected in the town of Rock. Except for that the town went democratic by an average majority of 18. Supervisor Miller's re-election was due in large part to the excellent financial showing made during his administration. Printed reports showing the expenditures of the year were used in the town of Rock and in a number of other towns this year, in place of the usual verbal statement.

Powers Chosen in Beloit.

There were two tickets in the town of Beloit, A. C. Powers being opposed, by O. A. Wheeler. Mr. Powers was re-elected by 47 majority. John A. Yost was chosen town clerk. The vote was almost as heavy as in presidential election.

Big Milton Vote For Gravel.

Milton carried the special one mill gravel tax by a vote of more than ten to one. The republican town ticket was elected with O. C. Button for chairman, and L. Richardson for clerk.

Results in Other Towns

Turtle—Chairman, O. H. Weirick; clerk, Bert Sweet. The opposing ticket was headed by W. E. Kollins.

Newark—Chairman, Halver Cleophas; clerk, W. E. Stebbens.

Avon—Chairman, John S. Lynch; clerk, W. B. Ballou. There was a tie on the vote for chairman and Messrs Lynch and Ross pulled straws to see who should win.

Lima—Chairman, J. D. Godfrey; clerk, W. D. McCombs.

Johnstown—Chairman, George Carey; clerk, George Chandler. The ticket headed by J. E. McLay was beaten by four votes.

Porter—Chairman, Alexander White; clerk, H. C. Hadley.

Clinton—Chairman, S. S. Jones; clerk, H. Cooper. The union ticket defeated the republican ticket, headed by H. O. Natesta, by 8 majority. The union ticket was put in the field on account of a refusal to allow democrats to vote in the republican caucus.

Bradford—Chairman, E. H. Ransom.

Center—Chairman, J. Fisher.

Fulton—Chairman, M. E. Conley.

Harmony—Chairman, W. H. Gray.

Spring Valley—Chairman, B. M. Johnson.

Union—Chairman, Ira Jones.

The elections in the cities of Rock county, so far as heard from, resulted as follows:

Edgerton.

Edgerton—The republicans elect George D. Mansfield mayor by 65 majority. H. H. Dickinson, treasurer; William H. Clarke, assessor. Republicans made a clean sweep of their ticket: three aldermen and three supervisors. Vote for license carried.

Beloit.

Beloit—Simon Smith was elected mayor and J. K. Bullock treasurer without opposition. Two aldermen were elected on the republican ticket and

EGG SALAD.—Boil six eggs 20 minutes. Cut the whites in thin slices or chop them very fine. Arrange a bed of cress on a dish. Make nests of the whites and put one whole yolk in the center of each nest, or rub the yolks through a fine strainer over the whites. Sprinkle a French dressing over the whole.

CANNED CORN SALAD.—Turn the corn from the tin in which it has been preserved on to a sieve and pour plenty of tepid water over it; then drain it thoroughly on a soft cloth. Make a cupful of capital mayonnaise and add to it one-half cupful of cream which has been whipped very stiff and the white of an egg whisked to a firm froth. Mix the corn lightly with the dressing and arrange it in the salad bowl. Garnish with hard boiled eggs and some cooked beet cut into fancy shapes with small vegetable cutters.

FATHER AND MOTHER SUE FOR DAUGHTER

DIVORCED PARENTS BOTH LOVE THEIR CHILD.

Although Separated in 1895 the Father Brings Suit to Recover His Handsome Daughter—The Child is Now About Eight Years of Age.

Divorced parents were the parties in a suit in the circuit court yesterday for the possession of their only child—an eight-year-old girl.

The case was that of Corrine Brown vs. William Brown, the interested parties formerly residing in Langlade county.

In 1895 Mr. and Mrs. Brown were divorced, the child being left with the mother. The father believes that the child should be put in his care, and asks to have the original decree modified.

The child, a handsome black eyed girl, sat in its mother's lap during the trial testimony was being heard, and manifested much affection.

The court after hearing much testimony gave the child to the mother but with the understanding that the father could visit her during certain times of the year.

The defendant in the action is now a resident of Hebron and is active in politics.

The Lady Minstrels.

Janesville is about to have a genuine novelty in the forthcoming performance Monday and Tuesday evenings. Sixty of our most prominent ladies will appear in black face. All of the latest negro songs and dances will be handled with the ease and grace of professionals. The manager says for talent that Janesville stands far in the van of most cities where the performance has been given. It is given under the auspices of our most popular club, the Mississippi Golf Club, and we hope that all amusement loving citizens will turn out and avail themselves of this opportunity to see one of the funniest, brightest performances of the season. The prices are within the reach of all, 25, 35 and 50 cents, and the reserved seat sale opens at 9 a. m. Friday. So get in line.

Why Fish Are Scarce.

We have ordered from the best fish dealers for Friday's trade, large quantities of fish, but we cannot be able to tell until tomorrow how much we will receive. The lakes are thawing out so that the only way fishermen can secure a good haul is with the aid of tug boats, the ice being too dangerous to permit fishing through it as is usual during the colder weather. NEWS REGARDING LOCAL POSTOFFICE

GIVEN IN A WASHINGTON DISPATCH THIS MORNING.

Treasury Officials Waiting to Hear From Wisconsin Officials Respecting Question of Transferring to Federal Government Power of Service Process on Lands For City Building

Important news regarding the Janesville post office is given in Washington dispatches this morning. The Sentinel's correspondent says:

The treasury officials are waiting to hear from the Wisconsin officials respecting the question of transferring to the federal government full power of service process on lands to be ceded to the government for the new public buildings in the state at Janesville and Eau Claire, before bids will be invited for the sites. When the matter is fixed up by proper legislation bids will be asked for sites in each city, which will be approximately 140x160 feet in dimensions, according to whether corner lots are selected, making due allowance for fire limits of forty feet on each side of each building. The department having decided upon 20 per cent. of the gross appropriation for purchase of site, approximately \$10,000 will be set aside for purchase of a site in each case, if necessary, about the middle of this month bids will be opened for a site at Menominee.

NEGLECTED TO CALL DOCTOR

That Is Why Frank Lawrence Is Now Having Trouble

Frank Lawrence, employed on the Leslie McGahey farm near Emerald Grove, accidentally fell four weeks ago dislocating his right arm at the elbow. He neglected to seek medical aid, thinking it would go back into place. This was where Lawrence made a great mistake. Today he came to town and when placed on the operating table in Dr. James Gibson's office it required three physicians to pull his arm into place. The arm is badly swollen but will heal in time.

A Small Beginning Often Makes A Large Ending.

This is more apparent probably in failing sight than most anything else. Your eyes ache a trifle, or the eyelids smart and itch, seems at times as if you could "dig them out", as the saying goes, to get relief. They become irritated, blood shot, etc. You think it a small matter, and will soon pass away. That is just where you make a grave mistake; the sight has become weakened or some of the nerves or muscles have gone back on their customary strength—in fact you have the commencement of an eye trouble that may become serious, if not attended to at once. This talk is not an idle

FELINE THERMOMETERS.

She Spends the Cold Weather on the Furnace Pipes.

A Westport man has a cat of remarkable intelligence. She is a regular thermostat. Her home is in the cellar and there she is constantly kept to look after the mice. The man fires up the furnace every morning before he goes to work, and this usually suffices until he returns at night. The recent cold weather, however, has got beyond his calculations, and the fire gets low about 4 o'clock in the afternoon. The cat lives on top of the furnace, only coming to the floor to get food and drink. She even sleeps aloft. When the furnace is piping hot she stays on the pipes as far out as the warmth is comfortable. As the fire dies down and the furnace gives out less heat she moves down along the pipe until at last she is on top of the furnace, where she stays until the fire is made up again and the heat ascends, when she again takes to the pipe. Those upstairs can hear her as she journeys along the pipe, and know when the heat is becoming less. When the fire is banked for the night, she sleeps on top of the furnace, and in the morning, when her master comes down to mend the fire, she crawls out on the pipe, reaches over and strikes at him playfully with her paw to show her approval of his attention to duty.

DUSKY BEAUTY OF SAMOA.

The prettiest girl in Samoa is a dusky beauty, the daughter of King Malietoa, whose picture represents her feminine loveliness clothed in a fancy native costume worn at the wedding of a relative to an island chief of high rank. Her name is Fa'muu. Four years ago, when she was sent to the Tongan, or Friendly Islands, to be educated, she became engaged to be married to the young king of the islands, the engagement being afterward broken for a reason which, after the native custom, was never made public. Fa'muu is now 20 years old. She was born in the village of Mulinu, in December, 1878. Her latest romance is with a young German officer, Otto Schiller, attached to the kaiser's consulate at Samoa. Being a princess, she appears at many of the swell diplomatic receptions at Apia. On these occasions she dons some European adornments. These are mostly jewels, of which she is passionately fond. Pearl necklaces are her special delight. She will wear half a dozen of these, so as to completely drape her breast. But for the flimsy fabrics that most women sigh she cares not at all. The traditions of her race are decidedly against overdressing, and "new woman" as she is, she clings to her people's tastes in this respect. Mr. Schiller, it is rumored, is attracted to this

MISS FA'MUU.

Samoa belle not only on account of her dusky charms, but by a craving to win high standing among the natives by marrying a princess of the blood royal. This would mean almost untold wealth.

To Make Divorce Easy.

Lithuania, a province of Russia, has a strange custom, which is intended to protect the bride, should her marriage prove unhappy. Previous to the wedding ceremony the mother, in the presence of witnesses, severely boxes the bride's ears. As time goes by should the benedict prove faithless or unkind, his vow can sue for a divorce on the plea that she was forced into the marriage by her mother against her will, and on that score the verdict of the judge will be in her favor.

The Work of Earth Worms.

Darwin estimated that worms, by swallowing earth for the sake of the vegetable matter it contains and forming castings, bring to the surface as much as ten tons of earth per annum on an acre. Worms are great promoters of vegetation by boring, perforating, and loosening the soil, and rendering it pervious to rains and the fibres of plants, by drawing straws and stalks of leaves and twigs into it, and, most of all, by throwing up such infinite numbers of lumps of earth called worm casts, which form a fine manure for grain and grass. The earth without worms would soon become cold, hard-bound, void of fermentation, and consequently sterile; this has occurred in many cases where the worms have been either accidentally or intentionally destroyed, and the fertility of the soil thus lost has only been restored when the worms had again collected and resumed their fertilizing work.

THE MARKET REPORT

Holiday on Chicago Board of Trade—Prices for Live Stock.

Chicago, April 4.—Milder temperature and bright sunshine in Chicago brought a good sprinkling of board of trade people downtown, although the exchange was closed. The improvement in the weather locally and lower quotations from Liverpool for wheat caused that commodity to rule weak on the curb. May wheat that closed yesterday at 71½¢@72¢, was for sale this morning at 71½¢, and about 10:30 o'clock it had dropped to 71¼¢. Buying was more the order than selling at the price last mentioned, and by 12 o'clock it had recovered ¼¢, being quoted at 71½¢. New York was very weak and Duluth followed the course of the seaboard market. New York quoted a decline of 1½¢ in May wheat at the time Chicago was ¼¢ down, and Duluth showed 1½¢ decline about the same time. St. Louis was even weaker than Duluth, being 1½¢ below yesterday's closing price for July wheat, when New York and Duluth were at the lowest figures already mentioned. Minneapolis received 492 car loads wheat and Duluth 98, or 590 together, compared with 514 cars the same day of last week and 285 a year ago. Beer-bohm's cabied the amount of the European visible of wheat as \$1,936,000, against 63,000,000 bu a week ago, a decrease of 1,064,000 bu for the week and 1,432,000 bu smaller than a year ago. Those figures include the quantity afloat.

May wheat recovered to 71½¢ by 1 o'clock. Corn sold in a small way to 34½¢, 34½¢ and 34½¢ late in the day.

Chicago Live Stock Markets.

Chicago, April 4.—As anticipated late last week today's receipts were slim, showing a falling off from arrivals same day last week in every branch. Under such meager supply calves and hogs showed a point gain on prices paid the day before, average cost of most droves standing 2½¢ or a little more above the cost of such Monday. Cattle trade was not very brisk at former prices and lambs sold subject to the 10¢ decline noted in Monday's later market, though most good, fat sheep sold early at firm prices. Receipts were estimated at 2,000 cattle, 15,000 hogs and 11,000 sheep.

Disagreement in New Case.

Greenfield, Ind., April 5.—The jury in the case of Elmer E. Stevenson, as receiver of the Indiana Banking company of Indianapolis, against John C. New and others, to recover a large sum on account of an alleged fraudulent sale of bank stock, disagreed Tuesday, after having been out seventy-two hours. This was the third trial of the case, which was originally begun in 1875. On the first trial a verdict of \$125,000 was returned, but this was set aside. The second trial, like the third, resulted in a disagreement.

Warren F. Leland Is Dead.

New York, April 5.—Warren F. Leland, proprietor of the Windsor hotel, died a few minutes before 6 o'clock Tuesday night at the Hotel Grenoble. He became ill a week ago, with a form of nervous dyspepsia, brought on by his grief and worry over the fire in which his wife and his daughter Helen and two cousins lost their lives.

Capital Stock Is \$65,000,000.

Trenton, N. J., April 5.—A charter was taken out in the secretary of state's office Tuesday by the American Smelting and Refining company. The company's objects are set forth as being the mining and manufacturing of all kinds of ores and metals. The capital stock is \$65,000,000, one-half of which is to be 7 per cent cumulative and the other half common stock.

Strong Endorsements

Dr. Mary E. Green, president National Household Economics Association, member American Medical Association, member American Public Health Association, author of "Food Products of the World," writes from Charlotte, Mich.: "The excellence of Pabst Malt Extract is not unknown to me, as I have used it professionally for years, always with the most satisfactory results. For mothers nursing their children and for general debility from any cause, I regard it as of especial value, as it combines both tonic and nutrient properties, which make it truly the 'Best' Tonic."

"I recently prescribed Pabst Malt Extract, The 'Best' Tonic, to three of my patients, all of whom were ladies, and all of whom were suffering from dyspepsia and its consequences, and in all these cases it acted like a charm. Two of them bought more of the tonic, and continued to take it, until now they tell me they can eat anything, and one of them added 'everything' without the slightest inconvenience. They have certainly improved wonderfully in weight and strength. I have prescribed your 'Best' Tonic a great number of times. It is one of the best, if not the very best, of its kind."
